

# Adult Needs and Strength Assessment (ANSA)

## SuperUser Training & Certification

The Division of Mental Health and Addiction will implement the ANSA statewide with DMHA contract providers & state hospitals on July 1, 2008. The Access to Recovery (ATR) Grant may begin using the ANSA sooner. Each DMHA Provider and State Hospital is asked to send managers and supervisors (1/250 adult consumers served) to ANSA SuperUser training. Local SuperUsers will support training/certification of direct Service staff and support the use of the tool and related information in practice. Most front line staff will then be trained & certified through local small groups & website.

SuperUsers: After Jan 15, 2008, complete the basic ANSA training & certification at [www.communitrics.com/CansCentralIndiana](http://www.communitrics.com/CansCentralIndiana); then participate in a 2-day workshop with Dr. Lyons ANSA tool available at <http://ibhas.in.gov> under "Documents"

Facilitated by  
John S. Lyons, Ph.D.,  
Professor of Psychiatry and  
Community Medicine at  
Northwestern University
